

## Easterly Echoes

The next meeting of the Battle River W.I. will be held on Tuesday, September 14, at 2:30 at the home of Mrs. W. Crabb. Roll call will be: How I met my husband. The program is in charge of Mrs. W. Patterson and is to be a lesson in hair-pin lace work, so don't forget your wool, crochet hook, etc. The raffle is being donated by Mr. C. Steele with Mrs. W. Patterson and Mrs. T. Sanders as hostesses.

Mr. and Mrs. Martin Enger enjoyed a visit from Mr. and Mrs. Ronald Bang and daughter, Karen, of Mannville. Mrs. Bang is former Miss Della Stone who taught Crescent Hill school for three years. E. Fenton are Edmonton visitors this week.

## CARD OF THANKS

The Melbrae Ladies' Aid and church board would like to thank all those who kindly helped on August 18, also all those who donated to, and everyone who helped in any way to make the garden party held at J. R. Routledge's such an outstanding success.

At the August meeting of St. Mary's W.A. arrangements were made to hold a sale of home cooking on Saturday, September 11, in the Co-op store. A table of aprons, etc. will also be on sale.

## Community Cook Book

### COMBINATION MARMALADE

2 dozen Jap oranges  
1/2 dozen lemons  
4 grapefruit  
5 lbs. green striped marrow.

Peel oranges and cut thin yellow rind from grapefruit. Squeeze lemons. Now take all fruit skins and put through medium knife of meat grinder. Peel marrow, take out seeds and pith, put through meat grinder. Cut oranges and grapefruit very thin. Mix all pulp and peel together. Add lemon juice. Measure pulp. To every pint of pulp add 3/4 pint of water. Stir all together. Let stand overnight. Put on to boil in morning. Boil one hour. Set aside until next morning then measure pulp and to every pound of pulp add 3/4 pound of sugar. Boil one half hour or until thick. Put in sterilized jars and seal. If desired sweeter use pound for pound of sugar.

Original recipe by  
Mrs. Jas. Wood.

## RE HOME ASSURANCE COMPANY OF CANADA

Policy Holders of HOME ASSURANCE COMPANY OF CANADA are hereby advised that on Monday the 2nd day of August at the hour of 11:30 o'clock in the forenoon the presiding Judge in Supreme Court Chambers, Calgary, Alberta, granted an Order for the administration of the deposit of HOME ASSURANCE COMPANY OF CANADA made with the Provincial Secretary for the Province of Alberta, pursuant to the Alberta Insurance Act and appointed A. G. Burton, resident partner of Peat, Marwick, Mitchell & Company, 41 Canada Life Building, Calgary, as Receiver.

Policy Holders are further hereby notified that as it is considered as a matter of law that policies of HOME ASSURANCE COMPANY OF CANADA are ineffective after the making of the aforesaid Order and that no persons are entitled to share in the proceeds of the deposit with respect to claims for losses occurring subsequent to the time the said Order was granted.

All Policy Holders of HOME ASSURANCE COMPANY OF CANADA are further notified to file with A. G. Burton, 41 Canada Life Building, Calgary, Alberta, by the 1st day of October, A.D. 1948, particulars of all outstanding contracts of, and claims against, HOME ASSURANCE COMPANY OF CANADA, duly verified by Statutory Declaration.

A. G. BURTON,  
Receiver.

## IRMA DISTRICT AROUSED BY BRUTAL BEATINGS

The feelings of the people of Irma and district have never been more deeply moved nor their sympathies more keenly aroused than they are in regard to Misses Kathleen Jones and Ruth Showalter who, at about 4:00 a.m. last Saturday morning, were the innocent victims of a most inhuman attack.

Although both were suffering from skull fractures and loss of blood, we are glad to report that they are making a good recovery in the Wainwright hospital. Those who have been active in the Red Cross blood donor clinic will be proud to know that it was the prompt use of plasma which saved the life of one if not the lives of both.

Two erstwhile school chums of Kathleen, Misses Olive Jack and Almira Hill, who are now trained nurses and were holidaying here at the time quickly stepped in to act as special nurses during this emergency.

The entire community joins in offering sympathy and concern for these girls and their families and we all wish Kathleen and Ruth a speedy recovery.

## SHOWER HELD IN HONOR OF MRS. P. PROSSER

Pink and white streamers decorated the living room of Mrs. Ted Prior on the occasion of a shower held in honor of Mrs. P. Prosser on Monday, August 30th. Thirty one guests were present. Mrs. S. Coulman gave a small toast to the bride as gifts in a decorated basket were brought in by Donna and Marjory Coulman. Mrs. Prosser's niece, Genevieve Meyerand, Betty Prior and Sheila Coulman helped untie the gifts. In a few well chosen words, Mrs. Prosser thanked the guests. A Bride's cake centred the main table and a dainty lunch was served.

## WANT ADS

### WANTED

Girl or woman for general house work. No outside work. Going wages. Apply Mrs. Otto Bethge, drawer-9, Irma. 27-3

### FOR SALE

One new John Deere horse mower. Apply C. Anquist, Irma. 3c

### FOR SALE

A quantity of one- and two-quart sealers; also jam jars. Apply Mrs. Edith Elliott. 3p

### FOR SALE

Beatty washing machine in good condition. Apply Mrs. McLeod. 3p

### FOR SALE

Half section of land, two miles south of Hawkins corner. Apply P. Neufeld. 3-10p

### MAN WANTED

For Rawleigh business. Sell to 1500 families in Irma. Good profits for hustlers. Write today. Rawleigh's Dept. WG-1-87-5, Winnipeg, Man. S3-Olc

## Glen-Coa Gleanings

Johnny Erickson has been visiting his brother, Ralph, for the past two weeks. However, he soon returns to Mt. Vernon, Wash., to resume his studies.

Mr. and Mrs. O. Steffensen, Solweig and Arlene spent a week at Banff recently.

Miss Lilly Nelson has accepted a position at the Sunset Home at Banff. She began her duties the latter part of August.

Miss Eunice Satre has accepted a position with the Wainwright school division as supervisor. She will be in charge of Paschenale school.

Schools are opening on schedule after all. Miss Lois Darks is the new teacher at Glenholm and Mrs. Lilkness at Coal Springs.

Thrashing operations have already started in our district. It is certainly rather wonderful to get underway so early in the fall.

Sharon Sunday school will meet as usual at 11:00 a.m., Sunday, September 5.

## DONATIONS

Names to be added to those contributing to the Alberta Protestant Home for Children in memory of the late Mrs. Heartwell are: Mr. and Mrs. Jack Halverson; Mr. and Mrs. M. I. Reitan.

To the Irma United Church in memory of Mrs. Heartwell by Mr. and Mrs. M. T. Knudson.

To be added to those donating to the Alberta Protestant Home in memory of the late M. D. Askin by Mr. and Mrs. Bert Long.

To the United Church in memory of Mr. Askin by Mr. and Mrs. M. T. Knudson.

## Southern Sayings

Miss Amy Wiese left for her school at Grande Prairie last Monday. We wish her the best of luck.

Mr. and Mrs. Chris Wiese of Halstad, Minn., are visitors at Mr. and Mrs. F. Wiese's home.

Mr. Glen Owens (Jimmie) of Jarrow was a week-end visitor at the home of Mr. and Mrs. Jim Hearn last week.

Mrs. Otto Setter had her niece from Calgary with her the past two weeks.

Mr. Albert Jackson of Hardisty was a Sunday visitor at the Funk home.

Mr. and Mrs. Jim Jackson motored to Wainwright last week-end with their daughter Isabella.

Mr. Geo. Foreman spent the week-end in Edmonton visiting his father.

Miss Isabella Jackson has accepted a position as supervisor at the Strawberry Plains school and will start her duties on Wednesday.

## LETTER FROM WAINWRIGHT CLINIC RE POLIOMYELITIS

Wainwright, Alta., August 30, 1948.  
The Secretary-Treasurer, M.D. of Wainwright, No. 61, Wainwright, Alta.

Dear Sir:  
As is usual during the late summer and early fall an epidemic of poliomyelitis is at present in progress, the bulk of cases occurring in the region of Edmonton and to the north of that city. In our area we have had two reported cases—both very mild—and, in spite of rumors to the contrary, very few suspects.

Where polio is very prevalent certain bans have been established preventing children from gathering in large numbers in public places, but unfortunately not preventing their gathering in neighborhood gangs. It is felt by public health authorities that this helps to reduce the chance of contact with the disease.

In areas where poliomyelitis is not prevalent a ban is not advisable for several reasons. In the first place it tends to cause considerable alarm among the residents, making the dread of the disease much stronger than it should be. Secondly, while it keeps children from gathering in playgrounds, theatres and other public places, it unfortunately does not keep them from contact with other children and with adults who may also carry the disease.

In this area we have not requested a ban. We feel that your children are under close observation and supervision in the schools, and that the teachers and school nurse will notice any suspicious symptoms and report them promptly. Children live a more scheduled existence during the school term and are less likely to become overtired, and are usually in bed at better hours in the evening.

Should the disease become more prevalent here, and should a ban seem to be advisable, it will be ordered. In the meantime all parents are advised to observe the suggestions given in the local papers recently regarding care of children during this season of the year. Most important, parents should see to it that their own children avoid large gatherings of people and that they do not become overtired.

Finally, remember that rumors are dangerous things. All cases of poliomyelitis must be reported and are publicized in the press. When your friends say that they heard there were six or eight cases in Gooseberry Flats today, take it with a grain of salt until you see it officially reported. Your Board of Health and Health Officers will be kept informed by the provincial authorities and will take whatever steps are necessary in this area for the protection of the people.

Yours very truly,  
Doctors of the Wainwright Clinic.

The teaching staff at the Irma public school will be as follows: senior room, Mr. Gordon; intermediate, Miss Darks; junior, Mrs. Reeds and Mr. Gunn will be in charge of the high school for another year.

## Northern Nuggets

Mrs. Louie Larson is home from the hospital now and we are glad to report that she is feeling much better.

Miss Enid Jones spent a few days last week with her grandparents, Mr. and Mrs. E. J. Jones.

Both Mr. W. D. Ramsay and Claude have been confined to hospital lately. We wish them both a speedy recovery.

Schools are slated to open this week and lots of youngsters will be back at their books for another term.

Mr. and Mrs. Matthews were called to Daysland last week to attend the funeral of Mr. Matthews' brother-in-law.

## MUNICIPAL DISTRICT OF WAINWRIGHT No. 61

## Public Notice

August 23, 1948.  
The Provincial Board of Health makes the following recommendation to the Local Boards of Health in Alberta:

"Where Poliomyelitis has appeared and where it shows evidence of a tendency to spread, the Local Board should issue an order prohibiting children under 16 years of age from attending any public gatherings, such as theatres, churches, playgrounds, swimming pools, and play groups on the street. If the above referred to conditions continue, the opening of schools should be deferred."

Since the evidence indicates that the usual method of spreading is by personal contact, the Board suggests that parents restrict the number of personal contacts of their children by organizing small groups for play purposes. Interchange between these small groups should be avoided. In polio cases, paralysis is more apt to attack the tired child. Therefore, strenuous exercise should be avoided and extra rest be given. Serious chilling of the body has also been found to increase the amount of paralysis. Since the exact method of spreading is unknown, good habits of personal hygiene should be encouraged.

Issued by the Chairman, Provincial Board of Health, and advertised by authority of the Local Board of Health.

CHARLES WILBRAHAM,  
Secretary,  
Local Board of Health,  
Municipal District of Wainwright, No. 61,  
Wainwright, Alberta.

27-3-10

## A Valuable Service

THE WORK OF THE Canadian National Institute for the Blind is known to many and there is widespread interest in, and admiration for the splendid results which have been achieved by this organization in the thirty years of its activity here. The Institute has done a great deal, during that time, to prove that blind people can be successfully rehabilitated and their economic problems adjusted. With the continued interest and co-operation of the public there is now little doubt but that in most cases, blind people can find useful occupations in the community and enjoy economic independence and security.

### Need Stressed For Prevention

The number of registered blind people in Canada now is 15,644, while in the United States, there is one in which the likelihood of blindness is indicated, number 38,618. Of these, 2,609 were given treatment during the past year. While these figures have been made available, they do not represent all the cases which came to the attention of the Institute, since new ones are constantly occurring and being brought for treatment. In the field of prevention, emphasis is laid on the importance of maintaining and increasing this service, since the value of assisting preventable cases of blindness cannot be overestimated.

### Great Need For New Libraries

One of the many services rendered by the Canadian National Institute for the Blind is the free library service, which makes available books in Braille, Moon, and "talking books". These can be secured in Winnipeg, Vancouver and Toronto, but the great demand for the books in these libraries, and particularly for the "talking books" makes it evident that it would be desirable to have a great many more centres for this service. Another project which the Institute is now anxious to advance, is to increase the number of its residences, recreation and service centres for the blind. It is clear that this organization has, in the past thirty years, done an enormous service to the blind people in this country in lessening their suffering and in helping them to find interesting and useful occupations. It is to be hoped that it will continue to receive the public support which it so richly deserves in its important and humanitarian service.

## STOPS HEADACHE

Even for double the price you can't buy anything better than **ASPIRIN**

### Gold Output Remains Higher Than Last Year

OTTAWA.—Gold production for May dropped from the figure set in April but still was higher than a year ago, the Bureau of Statistics reports.

Output totalled 285,566 fine ounces compared with 286,065 in April and 268,910 in May, 1947. During the first five months of 1948, production rose to 1,394,308 fine ounces against 1,244,822 for the like period of 1947. May output by western provinces, with May, 1947, figures in brackets: British Columbia, 26,114 (19,773); Manitoba and Saskatchewan, 10,010 (14,885); Northwest Territories, 5,458 (5,034); Yukon, 13 (30).

## RECIPES

### MEAT LOAF

Shape hamburger mixture (with bread crumbs) into a loaf; lay slices of bacon across the top. Place in baking pan and bake at (400 deg. F.) for 45 minutes. If the oven is being used for something that requires a low temperature, the meat loaf can be baked for 2 hours at (300 deg. F.). Serve with gravy made from fat in pan by adding flour. Allow to brown, add boiling water.

### APPLE SNOW

3 egg whites  
Powdered sugar  
Pare, quarter and core 4 sour apples. Steam until soft and rub through sieve. There should be 1 cup cooked apple. Beat the whites of eggs until stiff, add gradually apples sweetened to taste. Pile lightly on a dish and serve with custard sauce. One tablespoon lemon juice may be added.

### BAKED POTATOES RETAIN VITAMINS

Medical men know that many health-giving foods we eat regularly do us less good than they might because they are improperly prepared for the table.

In Canada a traditional method of preparing potatoes, for instance, is to boil and mash them. This process destroys about half the vitamin C in them. Baked in their jackets they retain almost all of this element so vital in keeping the body's tissues healthy.

In medieval warfare, armies by agreement never engaged in active campaigning during winter.

## FUNNY And OTHERWISE

Mother: "What are you doing in the pantry, Tommy?"  
Tommy: "Fighting temptation, mother."

The grateful father was thanking the young man for his bravery in rescuing his daughter from the river. He finished up: "You really, my boy, the great danger you were placing yourself in!"  
To this the rescuer replied briefly: "There wasn't any. I am a champion swimmer and I am already married."

"Do you have much variety at your boarding house?"  
"Well, we have three different names for the meals."

Teacher: "If a number of cattle are called a herd, and a number of sheep are called a flock, what would a number of camels be called?"  
Johnny: "A carton."

"What is dignity, Dad?"  
"Dignity, my son is what you think you have until the boss says 'What's the meaning of this?'"

"Boy, if I don't get rid of this cold soon, I'll be a dead one," moaned the jockey to the exercise boy.

"Dad, do what the doctor said!" asked the boy.  
"Now," replied the jockey. "The sign says 'do as said'—'do as said' and I wouldn't monkey with a long shot like that!"

"Who's the responsible man here?" asked the caller.  
"If you mean the fellow that always gets the blame," answered the office boy, "you're speaking to him now!"

"My dear," said the fond mother earnestly. "I can't think why you can't get on with your husband. He's all right in his way."  
"Yes, I know, mother," said her daughter. "But he's always in mine."

The travellers in the railway carriage were discussing railway matters. "I consider," said one, "that the single fare for the double journey is a very good investment."

"It certainly is," added another, "because you get a return for your money."

### FIGURED OUT SURE WAY OF GETTING A SEAT

The nervous little man glanced nervously at his watch, grabbed his bag, and rushed out to the station platform. The effect on the other travellers was all that could be desired. They also picked up their luggage and ran. Shortly afterward, the little man returned, picked out the best seat in the station and sat down to wait for the train—which was not due for 30 minutes.

### FREAK EGG—YORK MISSING

ZEBALLOS, B.C.—Here's the latest in freak eggs—one without a yolk.  
It came from Vancouver and its oddity was discovered by Ralph Forrester, government scaler for the Manning Logging Co., at the breakfast table.

Cinnamon is used in flavoring in some medicines.

THE SWEEPSTAKES COMPETITION for boys' and girls' dairy calf clubs was a big event in the Saskatoon Exhibition. The top calf of the class is shown in the upper of the above two photographs and was owned by and is shown here with Don Gamble, of Moose Jaw. The whole line-up is shown in the lower picture. Don's calf can be identified as the second from the near end. Standing with a cane in the foreground is Claude Gooding, president of the exhibition.

### Need Of Western Eggs To Check Rising Prices

TORONTO.—Only possibility of a break in the present high egg prices at present seen by Dominion Department of Agriculture officials is an influx of western eggs.

A spokesman for the department agreed with Ontario Department of Agriculture officials that the price of eggs may go even higher and eventually reach \$1.00 a dozen.

As he explained it production of chicks is down 26 per cent in Ontario this year and the pullets that are being bred were produced late in the season. The reason he said, is the farmers simply shied off the market this season. A combination of factors, including the low egg price, high cost of feed and shortage of labor as well as of those trends which no one can ever quite explain was responsible.

The result of the decreased production means fewer eggs, and in addition the late buying means a severe shortage.

Production on the prairies is down though not to the extent of Ontario.

### J. R. SMALLWOOD MAY BECOME NFLD. PREMIER

ST. JOHN'S.—Joseph Robert Smallwood, 48, the apostolic confederation, will in all likelihood be Newfoundland's first provincial premier.

Smallwood is probably, at one and the same time, the most loved and most hated man in Canada's future 10th province. But all agree with this phrase, coming from one of his opponents: "Joe Smallwood is not a man in 300,000, but in 3,000,000."

A speaker among speakers, a fighter hard to beat once the gong sounds, Smallwood almost single-handedly swung this country to confederation. In the last three days before the July 22 referendum, for instance, he attended 52 meetings.

### DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Rarin' To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet of bowels."

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of bile—2 main digestive juices in your stomach AND bowels—help you digest what you have eaten—keep you "rarin' to go."

Small make get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—Joe.

THE TILLERS

### HAIL DAMAGE IN MANITOBA, SASK. HEAVIER THIS YEAR

REGINA.—Over 1,600 claims for hail damage have been received this year by the Saskatchewan Municipal Hail Association, about twice the number of claims submitted during the same period last year, according to J. S. Gubby, assistant manager.

Hail losses have been heaviest in the Gowan, Imperial, Davidson, Loreburn and Dinsmore districts. Estimated loss ranges from 10 to 100 per cent.

A. S. Simpson, secretary of the Canadian Hail Underwriters Association, said here that hail damage in Saskatchewan was slightly above normal. It is heavier in Manitoba last year and much less in Alberta.

Damage in Manitoba is reported heaviest around Morden, Thornhill, Darlingford, Manitou, La Riviere and Pilot Mound. Less damage has occurred near Brandon, Minnedosa, Neepawa, Russell and Roston.

In Alberta, Red Deer reports extensive damage. Some losses have occurred near Calgary, Munson, Lebberidge, Coaldale and near Edmonton.

CALGARY.—Officials of the Alberta Hail Insurance Board stated that the board has to date written only two-thirds as much hail insurance as was written at the same date last year.

Last season the board carried a risk of \$18 millions and had a premium income of \$1.7 millions. Due to heavy hail storms last year the board had to use \$250,000 in reserve to finance protection.

At July 15 this year 362 claims for hail insurance had been made compared with over 1,500 claims last year.

### JUST ANOTHER MYTH

The common belief that the century plant blooms once in 100 years is a myth. In warm regions it grows rapidly and blooms about the seventh or eighth year. In hot houses or in colder climates 80 or 90 years may elapse before the plant blooms.

### Fined \$2,500 For Selling Bad Eggs

SEATTLE.—Three men were fined \$2,500 each in Federal Court here for selling bad eggs to the U.S. government during the war.

Lavelle Donahue and Kenneth A. Moody of Tacoma and William R. Monarch of San Francisco were said to have carried out orders of three officers of a California firm who recently were sent to jail and fined \$35,000.

Thousands of eggs were involved, fraudulent invoices were made out and the government shortchanged. Judge Lloyd L. Black was told.

## Manitoba Starts New High School Course

Changes in the curriculum for Manitoba high schools—the most radical to be made by any province in Canada, according to officials of the department of education—will be introduced to Grade 10 students. Similar changes will be put into effect for Grades 11 and 12 at the beginning of the next term, September, 1949.

The new study program permits students to choose one out of five different courses, instead of the one general course formerly offered. The five alternative courses are: general (which leads to University), commercial, home economics, agriculture and industrial. All courses include the four basic subjects of English, mathematics, science and social studies. Aptitude tests have been conducted during the past two years to assist students to determine which course they wish to take.

There is no compulsion for smaller schools to offer all courses, officials point out. The school board in each case is free to select one or more of the specialized courses, depending on the equipment and staff available; or to offer the general course only, with such technical options as can be carried. The new general course is based on a four-year program for average students; but may be cut to three years by good students. The other courses require three years to complete.

Attention will also be paid to the normal choice of students in different areas, officials state. Winnipeg, for example, will not offer the agricultural course; Brandon does not include a commercial course in its present plans, while Dauphin intends to offer all five courses.

An additional feature of the new curriculum is that it sets aside from 10 to 12 per cent of a student's school hours to be used, at the principal's discretion, for the needs of the school; e.g. glee club, debates, student councils, or remedial work in subjects in which the student is behind.

Objects of the change are to encourage students to complete their high school course, and to use technical education as a medium for general education.

### Blight Causes Big Loss To B.C. Potatoes

VANCOUVER.—Late Blight of potatoes has become serious in some parts of the Lower Mainland and loss through rot has been severe in many cases, announces I. C. MacSwan, assistant plant pathologist, Vancouver.

Late Blight is a fungus disease which devastated the potato crop in Ireland in 1845, and resulted in widespread famine.

It spreads rapidly by wind and rain, and gets in its crop destroying work when the nights are cool, and the days warm and humid. Under such conditions a field may become completely blighted in a few days.

Mr. MacSwan says: "Unless proper precautions are taken now to prevent the spread of the disease from plant to plant in the field, and from plants and ground to the tubers, this loss of potatoes may be repeated in second early and late crops."

Rules for the conduct of debates in the English parliament are designed to curtail unnecessary argument as far as possible.

Rt. Hon. Louis St. Laurent, newly appointed leader of the Liberal Party.

### SASKATCHEWAN FINDS LEONARDITE

REGINA.—Deposits of leonardite have been discovered in the southern part of the province near Estevan. Dr. W. Graham, assistant professor of chemical engineering, University of Saskatchewan, reports.

An extensive research program with leonardite has been carried on at the university for over a year to discover its chemical makeup and possible commercial uses. The project is financed by the Saskatchewan Research Council.

Dr. Graham said that wood staining is the most promising use of leonardite discovered so far. When covered with varnish to make it waterproof, a satisfactory stain is obtained.

Other possibilities of the new mineral include use as a tanning agent, a sizing material for paper, drilling mud for deep wells and paint pigments. Leonardite has also been used in the manufacture of pottery. Leonardite is a black, jelly-like substance and is a "weathering" product of lignite coal.

### GEMS OF THOUGHT

CONSCIENCE

God has endowed man with inalienable rights, among which are self-government, reason, and conscience.—Mary Baker Eddy.

There is no class of men so difficult to be managed in a state as those whose intentions are honest, but whose consciences are bewitched.—Napoleon.

The men who succeed best in public life are those who take the risk of standing by their own convictions.

Cowardice asks, Is it safe? Expediency asks, Is it politic? Vanity asks, Is it popular? But Conscience asks, Is it right?—Punahon.

Labor to keep alive in your breast that little spark of celestial fire, called Conscience.—George Washington.

## Weekly Newspaper Convention Delegates —

Largest number of delegates in several years attended the 32nd annual convention of the Canadian Weekly Newspaper Association, Saskatchewan Division, at Regina. T. E. Scrivner of Wolsley, vice-president of the Association, presided in the absence of President Dr. S. J. Dorman, of Alameda, who was regrettably absent for the first time in nearly 25 years because of illness. Many important and vital subjects were discussed, with the prime

aim of the Association to elevate the standard of newspaper publishing in an effort to increase readership value of the papers. At the last business session Mr. T. E. Scrivner of the Wolsley News was named President; Gerald Humphrey of the Nokomis Times, the new vice-president; with Walter Ashfield of the Grenfell Sun as secretary-manager. Other members of the executive are A. R. Beck, Battleford Press; George Lancaster, Melton Journal, and J. Fluckey, Rosetown Eagle.

## Some Years Before Trans-Canada Road

OTTAWA. — Resources Minister MacKinnon said it would be some years before a trans-Canada highway is constructed.

He commented on a statement by Trade Minister Howe that the government intended calling a Dominion-provincial conference on the project some time this fall.

Mr. MacKinnon said some of the difficulties were:

1. Shortage of labor.
2. "Tremendous" cost of such a highway.
3. Problem of where the route should run.

The resources minister said some months ago he advocated the highway be built to attract greater tourist trade from the United States. He envisioned the road as not necessarily following a line close to the border, but having feeder roads leading to border points.

"If a Dominion-provincial conference is called," said Mr. MacKinnon, "it probably will be held either in Winnipeg or Ottawa. Ottawa is the most likely choice."

He said he favored the selection of an independent commission to study problems involved in the road construction.

"The project will cost millions of dollars," said the minister "and you may be sure it will be some years before it is completed."

## New Uranium Find Reported In Northern Manitoba

FLIN FLON.—The second uranium find within a month in Northern Manitoba was reported here.

Walter Johnson, of Herb Lake, said core samples taken from Anderson Bay in the Herb Lake area had given assay results of one per cent. uranium in addition to encouraging copper and gold showings. The showings stretched across a width of 178 feet.

Gold values were reported as 70 cents to one seven-foot section, assaying at \$35 a ton.

Another possible uranium find reported from near the junction of the Fox and St. Peter rivers in remote northeastern Manitoba.

Trapper Charles Dunn, the only white man travelling the area, placed a lump of black metal in a cigar box with unexposed film—the rock photographed in pitch darkness, indicating it contained luminosity, and possibly uranium. Dunn hopes to use a geiger counter over the area for more comprehensive tests.

This area also has showings of tantalum, a metal imported from South America for manufacture of surgical instruments.

## SHIP 20,000 CARS FROM BRITAIN IN JUNE

LONDON.—British manufacturers shipped 20,000 motor vehicles overseas in June, the Society of Motor Manufacturers and Traders said.

## CONSTRUCTION NOTES

ESTEVAN, Sask. — \$31,760 contract has been let for extension of the Estevan collegiate.

PINCHER CREEK, Alta. — Rate-payers have approved a \$100,000 by-law for a high school.

CARMAN, Man. — General contract for the \$175,000 memorial hospital of 44 beds has been awarded to Dring Bros. of Boissevain.

FLIN FLON, Man. — Construction of a \$100,000 dominion public building is being planned.

SHELLBROOK, Sask. — A \$45,000 contract has been let for construction of an 8-room school at Leoville.

EDMONTON.—Three new bridges are planned by the department of public works, at Goodwin crossing (near Grande Prairie), at Empress and Cluny, for a total cost of \$600,000. Assiniboia Engineering Co. Ltd., Calgary, has been awarded a \$230,999 contract for grading 30 miles between Glenora and Bassano. Fred Mann & Co. Ltd. has been awarded a contract for road grading between Lethbridge and Turin for \$167,853.

## Ancient Bones Discovered At Eastend, Sask.

EASTEND, Sask. — Three paleontologists from the Royal Ontario Museum, Toronto, are camped beside the Little Frenchman River, if this district, in the extreme southwest corner of the province, searching for pioneers.

To date, the party has recovered skulls and jawbones of *Thianotheres*, an extinct animal related to the horse and rhinoceros. The relics are reportedly 40,000 years old and similar bones are said to have been found in North Dakota and Europe. This Cypress Hills district is furrowed with ancient water courses and the present party holds little hope of finding complete skeletons. They say those being found were washed to their present position by ancient streams and rivers.

## AYRSHIRE BULL BRINGS HIGH PRICE

HOWICK, Que. — A 10-month-old Ayrshire bull brought to Canada from Scotland last spring sold for \$4,500 at a sale here. The bull, Carnell Sweepstake, was bought for the farm of Fowler McCormick at Barrington, Ill. In all 46 head were sold for \$34,870, an average of \$758 each and a record for Canadian Ayrshire sales.

## MORE HASTE, LESS SPEED

SWAFFHAM, Norfolk, England.—Mrs. G. Salter here received a letter six years after it was posted. It stated that it was "written in haste."

## Finest Quality Tea

"SALAM" ORANGE PEKOE

—By Chuck Tharston

## Western Briefs

EDMONTON. — Relief from summer's heat—but next year—has been promised for Edmonton children. Mayor Harry Ainlay announced the city's swimming pools will be doubled. Three more, costing altogether \$200,000, are scheduled.

INDIAN HEAD, Sask. — Indian Head now boasts a hard-surfaced, black-topped main street, at a cost of \$14,000. The town had the full length of Grand avenue, 12 blocks in all, built up, gravelled and tarred to a depth of three inches. The provincial government contributed the machinery and the town paid the cost of construction.

ROLAND, Man. — An annual sports day here featured a calf show. However, the event—sponsored by Roland Agricultural Society—had athletes too. Another feature was a four-team baseball tournament.

DRUMHELLER, Alta. — A small cube of Alberta coal, forming the centre-piece of an advertising folder outlining some of the province's industrial potential, has been sent to 12,000 industrialists throughout the world. Each in a tiny coal sack, the samples used up 200 pounds of top-quality coal.

SHAUNAVON.—To please the children who missed the county fair when it was rained out, the Shawnee club and the Brantford Carnival company entertained 400 children at a penny day. Over 1,000 bags of popcorn, 1,000 glasses of lemonade, 1,800 ice cream cones, etc., each went for a cent.

WINNIPEG.—The appointment of Olive B. Davidson as secretary of the Canadian women's board is recently announced by the board in Winnipeg. Davidson has been associated with the board in various capacities since 1935. Of late he has been the executive assistant to the board.

FOAM LAKE, Sask. — The building boom continues in Foam Lake. Eight new homes are being built and six are being moved from farms in the district. Forget street in the Smith subdivision acquired seven homes in two weeks.

## South Alberta Has Bumper Hay Crop

CALGARY.—Operations have been in full swing in some sections of the south bringing what promises to be the biggest hay crop in recent years, due to late spring, plenty of moisture and warm weather. Some districts report more hay than can be cut and stacked with available labor and equipment.

Last winter the province had to import thousands of tons of hay from Manitoba, and much of the reserve stock was eaten up during the severe cold spell and late spring.

ONE INCH FROM DISASTER  
LONDON.—A. Nicholson, of Maldstone, was cutting logs on a circular saw when the blade struck something hard. The hard object turned out to be a "live" cannon shell. The saw had missed the detonator cap of the shell by one inch.

## THOSE WE LOVE BEST

By BASCOM H. BIGGERS III

IT WASN'T the first argument Laura and James had. During five years of marriage there had been many. But it was the worst one because it concerned something close to both of them. It was about the house.

"I can get a good price for it," said James. "I love the place too," he said, "but with the money we make on it we can have one twice as nice and money to boot."

"No, I don't care what you say, James. No, I don't want to sell. My friends are here and everything connected with the first years of our marriage. I won't ever agree to sell."

He tried to reason with her, but before they knew it they were fussing violently with one another and saying all manner of ugly things.

"You can have the house and everything that goes with it," shouted James in a fit of temper. "I'm leaving and I'm not coming back."

He went to their room, threw some things into a suitcase and stormed out of the house. He started the car with a roar and shot out of the drive.

At Carlson, fifty miles away, he got himself a room in a hotel. He had cooled off some, but he was still determined that he would not go back. She was being unreasonable about the whole business, and he would just teach her a lesson. It wasn't every day that a man got a chance to make a good thing of himself, but Laura was too sentimental to realize it.

Besides he was getting a little tired of being married. It was the same old thing in and out of the house. Laura was unreasonable and could never see his way. A man got tired of being tied down.

That night about twelve o'clock he was awakened by a pounding on his door. For several minutes he couldn't remember where he was. He got up sleepily and opened the door. His next-door neighbor, Fred, rushed in wide-eyed and dishevelled.

"Good heavens, James, I've looked all over town for you. Laura's in the hospital. Her appendix burst and we had to rush her to the hospital."

"Oh no," said James sinking down on the bed, his face white. "In she—will she."

"I don't know. The doctor says she has a fifty-fifty chance. She's been calling for you. They were taking her into the operating room when I left. Come on, man, snap out of it and get your clothes on. You've a fifty-mile drive ahead of you."

"Oh, my poor darling," said James. "If anything happens to her I'll never forgive myself."

James dressed in a trance. He scarcely remembered Fred leading him out of the hotel and to the car. All he could think of was Laura, dear, sweet little Laura close to death. And he had quarrelled with her, run off and left her. He was missing when she needed him most.

He and Fred did not talk all the way back. Fred drove rapidly and James sat staring at the highway that dipped ahead into darkness, remembering all the happiness Laura had brought him.

He saw her excited face the day he gave her the engagement ring that was small but wonderful to her. He saw her on their wedding day, tears bright in her eyes. He remembered the day the doctor told them they could have no children and how it was Laura who held up best. She smiled at him and said, "Never mind, darling. We can adopt some, and we'll always have each other."

When he'd lost his job Laura hadn't fussed or cried or gotten upset. She'd hugged him and said, "Don't worry, dear. It's only for a little while. You'll get another one even better. We'll get along somehow." And they did, all through Laura's efforts. In every dark moment Laura had been there to brighten the way and encourage him. If he should lose her now—Tears dimmed his vision.

And then there were the million and one little things that she was always doing, things that he didn't even really notice. Having his fishing equipment ready when he even suggested going on a trip; tending him when he had the slightest cold; never forgetting his birthday; smiling and making it all right when he forgot. This was the Laura he knew and loved, the Laura he could not live without. And because of one foolish argument he had thought of leaving her. What a fool he was.

Even about the house she was right. They both loved the place. They had poured their hearts into it, working to make it a home. And what was a little profit in comparison to things you cherished and loved. How stupid he had been.

"I've here," Fred said, and James snapped back to the present. In the corridor of the hospital they met the doctor.

"Doctor—Laura?"

"She's going to be all right," he said patting James's shoulder.

"Thank God!" said James. "May I see her?"

"She's sleeping now, but you may look in if you'll be very quiet."

Standing in the doorway looking down at the sleeping figure of Laura, James realized how small and fragile she was, and yet she was such a pillar of strength to him. How he loved her!

Why, oh, why, he wondered, must we almost lose those we love best before we realize how much they mean to us. Help me to remember every day that tomorrow I may not have her, and then I may love her as a fraction of what she deserves.

She opened her eyes then, saw him and smiled, and he knew she understood and that everything was all right.

## PULP MILL AN ALASKAN PROSPECT

Establishment of a pulp and paper industry in Alaska, after 30 years' efforts, appeared near realization with the acceptance by the U.S. Forest Service of the bid of the Ketchikan Pulp & Paper Co.

This company has agreed to buy 15 billion cu. ft. of pulp timber near Ketchikan, Acting Chief Forester C. M. Granger has announced. This will result in the establishment of a \$20 millions-\$30 millions pulp mill at Ward's Cove, six miles north of Ketchikan.

## Court Admits Will Etched On Tractor

SASKATOON. — Surrogate Court of Saskatchewan has admitted to probate a will scratched on a tractor fender.

In June when Cecil Harris of McGee, Sask., 75 miles southwest of here, was pinned beneath a tractor for nine hours, he scratched his will on the fender with a jackknife. It read: "I leave all I die in this mess. I leave all to the wife." He signed it.

Harris died two days later.

## Growing Girls' Shoes

• Graceline black elk ox-fords for school. Made with moccasin vamp, soft, pliable stock, low heel. A few wine loafers in the lot. All sizes 3 to 8. **4.95**

• Babydoll last. This last has proved so popular as a comfort shoe. We have put in a line in pearl elk with wedge heel to supply those who want it for a house shoe. All sizes **5.95**

• Style Stride loafers made from strong brown side stock, outsewn seam trim, leather insole, No. 1 oak bend outsole. Good looking, good wearing shoes. Per pair **5.95**

• Children's Kiki's You will find these good, comfortable, long wearing shoes for kiddies. Leather insole, crepe outsole. Sizes 8 to 10½ **3.75**

Sizes 11 to 2½ **3.95**

## Boys' Underwear

A good time to fill your needs for boys' underwear is NOW.

**BOYS' MERCURY VELVATEX**  
An extremely good underwear for boys. Knit from cotton fleece yarn. It has the elasticity of knit wear, the soft, cozy feel of fleece. Easy to launder. Sizes 24-34. **2.69**

**STANFIELD'S BOYS' 320**  
Knit from the same good yarn as 3200 in men's. Natural shade, full elastic rib. Comfortable, good fitting, long wearing. **2.75**

## Girls' Vests & Bloomers

Valley Knit winter vests and bloomers for girls. Cozy good weight, cream color with rayon stripe. Bloomers have elastic waist and knee, vests have short sleeves. All sizes.

**VESTS 89c**

**BLOOMERS 1.00**

## Sweater Special

Sizes 32-38 in a fine all wool botany. Fine jersey weave in sand or blue. A smart, warm, serviceable garment at a special low price.

**3.95**

## Scotch Fingering Yarn

For your heavy knitting. O.K. moth-proof and shrink-resistant. Good long staple wool in good shades. Quarter-pound skeins **55c**

## School Girls' Stockings

For the School Girl Who Takes Women's Sizes

• Sheerline rayon hose, service weight. All sizes 8½ to 10½. Good shades. Per pair **49c**

• Wearwell celanese crepe. A good looking stocking that gives lots of wear. Nice new shades. All sizes. Per pair **89c**

## Rayon Briefs

Good quality women's rayon briefs. Full elastic waist, knit band leg outlets. Peach shade. Priced at **59c**

## Wide Elastic

For repairing the old windbreaker or making a new one you can use this open weave 2½ inch elastic. Several colors. Per yard **35c**

## Men's Fall Underwear

**Velvatex Elastic Knit**

Combinations for fall. Plum shade. Nice soft fleecy yarns. Mercury make assures you good finish throughout. Sizes 36 to 44. At **2.95**

**Merino Combinations**

In natural shade. Flat knit. This moderate weight underwear is used by lots of men from fall until spring. Well made. Flat laid seams for full comfort. Wool and cotton mixed. Sizes 38-44. Priced at **3.95**

**STANFIELD'S**  
Underwear  
"Stands  
Strenuous  
Wear"

This early showing of Stanfield's winter underwear is appreciated by our customers who are filling their winter needs now while stock is complete. Have you got yours?

## Men's Fine Braid Straw Hats

**Half price**

Sizes 7 and 7½ only. Regular to \$2.50, at **1.25**

## Work Gloves

Watson's and Freen's gloves. Fine, soft kangaroo tan horsehide. Roper style. Sizes 8½ to 12. Per pair **2.95**

Colorful fall shirts by G.W.G. Lumber-jack flannel in attractive check patterns in several shades. Standard G.W.G. cut. New two-way comfort collar. All sizes. At **3.95**

West Wool, these popular all wool over shirts made by G.W.G. Striking new patterns and color combinations. Get yours early, they move out fast. All sizes. At **7.95**

## Preserving Fruit at its best

Expected about week of September 12, a car of pick-of-the-crop heavy pack preserving fruit, Elberta and Hale Peaches, Prune Plums, Assorted Plums, Tomatoes, Apples, Crab-apple, Onions, etc. HOW MUCH DO YOU WANT?

## J. C. McFarland Co. Irma

## LOCALS

Miss Nancy Shapka was renewing old acquaintances here early this week.

Mr. and Mrs. I. T. Skiles of Hammond, B.C., were back in Irma last week. Mr. and Mrs. Skiles are looking very well and their many old friends here were delighted to have an opportunity to visit with them once again.

Work is under way to replace the board sidewalk on the northern half of the west side of main street with cement. There will be no place for the wasps to nest next summer but we can't feel badly about that.

The Jarow Ladies Aid will hold the Annual Bazaar and Tea on the afternoon of Saturday, September 4th in the Jarow hall.

The Ladies Aid will meet at the home of Mrs. Rohrer on Thursday, September 9th at 3 p.m. Devotionals, Mrs. A. Peterson; Topic, Mrs. K. Coffin; Hostesses Mrs. Reeds and Mrs. G. Fenton

Anyone with an extra marrow or so to spare should try Mrs. Wood's recipe in this week's community cook book.

Mrs. L. A. Johnson is receiving medical treatment. We wish her a speedy recovery.

Mr. G. Hurst is back at work again after having been a patient in the Wainwright hospital suffering with an infected finger.

Mr. R. Simmermon had the misfortune to drop a large meat knife on his leg and we understand that the muscles were cut to the bone. Mr. Simmermon walks a bit stiffly but is still on the job in the Irma Co-op.
